## Cell Tower Requirements

Before a permit can be issued on a new tower, upgrade or replacement, the following information must be provided to the Lauderdale County Permit Office, the information will then be forwarded to the Naval Air Station for review and approval.

1. *Address:*
2. *Latitude:*
3. *Longitude:*
4. *Ground Elevation:*
5. *Antenna Height (AGL):*
6. *Antenna dB Gain:*
7. *Frequencies:*

Once the Project is approved by NAS, you will be notified by the Permit Office. The Permit procedure requires the following:

1. A new cell tower requires driveway and tower site marked and then be GPS'd
2. Copy of your Contractor's License
3. New towers require a copy of FAA Approval Letter
4. Cost of project, may need a copy of your Material Purchase Certificate number (from the contractor)
5. Copy of plans
6. If in flood zone Elevation Certificate's
7. Permit cost \$50.00 or in flood zone \$75.00.
